

20% off ON-TARGETplus siRNA's

Dharmacon

RNAi, Gene Expression & Gene Editing

Reduce your off-targets with Dharmacon's premium siRNA range!

Use the only siRNA available with a patented dual-strand chemical modification pattern to reduce off-targets caused by both strands of the siRNA.

- Sense strand interactions with the RISC are impaired and interactions with the antisense strand favoured for high silencing potency.
- Antisense strand seed region is modified to destabilise off-target activity and enhance target specificity.
- Off-target effects reduced by up to 90%, and silencing is guaranteed*!

Use the promo code **2017OTP20** to get **20%** off qualifying ON-TARGETplus siRNA products today!

Conditions:

Promotion is valid until July 31st 2017. Discount is only applicable to the ON-TARGETplus gene-specific range of catalogue SMARTpool siRNA's, Set of 4 siRNA's and individual gene siRNA's. Discount is not applicable to Upgrade Set of 4 siRNA's, Libraries or controls. There is no minimum purchase.

*Visit the Dharmacon website or enquire for knockdown guarantee. Discount cannot be used in conjunction with any other offer.
